

# Functional Requirement Form

Guy's and St Thomas'  
NHS Foundation Trust

## Occupational Health, Safety and Wellbeing Service

Role/Post Title: Consultant, Occupational medicine	Recruiting Manager: Clinical Director
Ward/Department: OHSWB	Line Manager: Helen Kay
Directorate/Site: People	Shift Pattern: Office Hours

Dear Manager,

Please complete ALL sections of the *Functional Requirement Form* (FRF) in order to:

- Demonstrate the functional requirements you seek from applicants for your role
- Enable the prospective applicant to self-assess his/her ability to meet the functional requirements of the role
- Identify reasonable adjustments which could be necessary for the applicant to fully undertake the tasks of the role
- Identify components of the role that may have a negative impact on the applicant's health, so that you or the Trust can take preventative measures
- Help the Trust comply with the Equality Act (2010) in providing reasonable adjustments for those who need them.

The FRF should be completed/reviewed for each recruitment episode. **Failure to do so may result in unnecessary delays.** If you require any assistance regarding completion of the FRF, please contact the Occupational Health, Safety and Wellbeing Service via e-mail: [OHAdministrator@gstt.nhs.uk](mailto:OHAdministrator@gstt.nhs.uk).

### PLEASE TICK ALL CATEGORIES THE ROLE INVOLVES

<input type="checkbox"/> <b>Role includes exposure prone procedures (EPP)/ Renal Dialysis (RD)</b> <b>EPP:</b> invasive procedures where there is a risk that injury to the worker may result in exposure of the patient's open tissues to the blood of the worker. These include procedures where the worker's gloved hands may be in contact with sharp instruments, needle tips or sharp tissues (e.g. spicules of bone or teeth) inside a patient's open body cavity, wound or confined anatomical space where the hands or fingertips may not be completely visible at all times. <b>Taking blood (venepuncture), setting up and maintaining IV lines, incision of external abscesses and simple endoscopic procedures are <u>not</u> considered EPP activities.</b> <b>RD:</b> undertaking haemodialysis or haemofiltration i.e. dialysis unit/ICU including renal nurses.
---

<input checked="" type="checkbox"/> <b>X Role is patient facing and/or handling clinical specimens (NON EPP/RD)</b> <b>Patient facing:</b> clinical roles (doctors, nurses, allied health), porters, cleaning staff, catering etc. Any role with direct contact with patients. <b>Handling clinical specimens:</b> roles which involve the taking, transporting and testing of clinical specimens.
--
